

PUBLIC NOTICE  
INVITATION TO SUBMIT PROPOSALS

Eastern Iowa Rural Utility Service Systems (EIRUSS) is requesting proposals for the Operations and Maintenance of its water and wastewater systems. EIRUSS is requesting proposal to maintain the Fairview and Leisure Lake Wastewater System. Each system consists of a 3-cell lagoon, lift station and low pressure collection system with grinder pumps and in Fairview an additional gravity collection system. EIRUSS is also accepting proposals to maintain the EIRUSS Andover Water and City of Andover Wastewater System. Proposals may be submitted for any or all three systems. Additional information is available by contacting EIRUSS at 7600 Commerce Park, Dubuque, IA., or Phone 563-556-4166 or check web site at [EIRUSS.org](http://EIRUSS.org).

Duties include the maintenance and monitoring of the collection system, lift station and treatment facility; respond to alarms; perform drawdowns from the lagoon; inspect new service line connections; maintain records of plant operations, flow and discharge data, and sample analysis results. The Operator will provide reports (written and verbal) to IDNR and EIRUSS. Qualifications: Minimum of a Grade 1L Certification. Please provide contract (compensation) expectations.

Submit proposals by 4:00 p.m., Tuesday, November 10, 2020 to EIRUSS; 7600 Commerce Park; Dubuque, IA 52002. EIRUSS reserves the right to accept or reject any or all proposals submitted and has the right to accept the best and lowest proposal submitted.

This institution is an equal opportunity provider and employer.
